A dynamic, entertaining and impactful speaker

Paige believes leadership is the most potent leverage point in any system – team, family or workplace – to create positive change. And that we each have a capacity for leadership we are yet to realise.

She leverages her experiences as a senior business leader, academic researcher and thought leader to encourage and inspire your audience with tools and strategies they can use immediately.

Paige creates deeply personal, highly practical audience experiences.

Everything is tailored for your event: your goals, the impact you are wanting to create, and most importantly – the specific challenges and opportunities that your audience is facing right now.

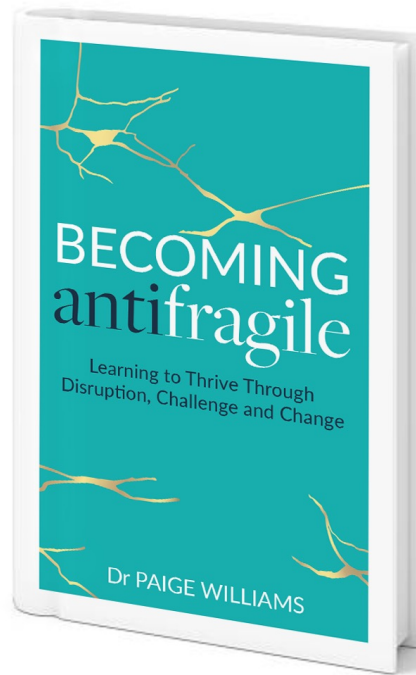

Paige's three speaking topics are *Beyond Resilience*, *Burnout to Breakthrough* and *Leading, Exceptionally*, which are also the subjects in her best-selling books.

Her purpose is bold: for your audience to come away with the confidence, clarity and commitment to be the exceptional leaders she knows is possible and that your organisation and the world needs them to be.

**Her aim is simple:
to help your event be exceptional.**

We can all live easier
even if life gets
harder.

BEYOND RESILIENCE

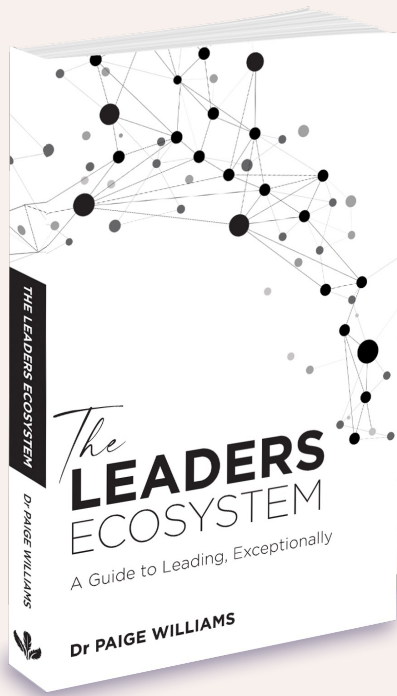

How can we thrive through disruption, uncertainty and change?

In this engaging keynote, dr paige unpacks why we need a different relationship with uncertainty, how it's possible for each of us to benefit rather than break from disruption and how to embrace change rather than resist it.

Audiences will discover the ways in which we make and keep ourselves fragile and what to do about it. They'll leave with clarity about what to do next and the confidence to keep moving forward.

Key takeaways:

- The mindset that helps us thrive through disruption and change
- The gaps that are keeping us fragile and the tools to bridge them
- One question you can use with everyone to become more antifragile every day

Extraordinary times
call for exceptional
leadership.

Let's do this!

LEADING, EXCEPTIONALLY

What does good leadership look like in a complex and changing world?

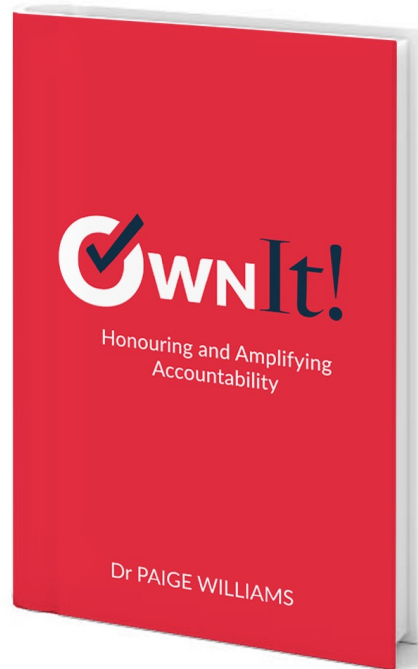

In this high-energy presentation dr paige provides a guide-book for leaders, taking a complex world and providing clear, practical ways forward.

Audiences will discover ideas and frameworks that are academically valid and practically tested. They'll leave with tools, tips and energy to meet the challenges and maximise the opportunities ahead – for themselves, their families, teams and workplaces – exceptionally.

This keynote is specifically designed to meet the needs of your audience and can address themes such as:

- Successfully leading millennial generations in the workplace
- Breaking down silos, surfacing dysfunctional dynamics and rebuilding trust
- Creating high performance cultures that support creativity, innovation, and learning

Better performance +
less stress, when we
own what's ours to own.

BURNOUT TO BREAKTHROUGH

In this science-backed interactive keynote dr.paige will help your audience discover why we've been looking in the wrong places to create engagement and lift performance, and the surprising truth about what reduces stress and burnout.

Your audience will walk away with tools they can use immediately with themselves and to align the people they lead to perform brilliantly.

Key takeaways:

- The key that unlocks accountability
- The mindset that makes it happen
- Three things you can do right now to lift performance and make a positive difference in your world

“Paige is engaging, funny and translates complex ideas into language that everyone can understand.”

Learning and Development Manager
Insurance and Risk

“If you want a speaker that will motivate your audience to reflect, analyze and make positive changes to their behaviours, then I could not more highly recommend Paige.”
